

Lumen Style Guide

Color KPIs, typography, spacing and component rules

Portable design system — reusable on any website or product

Contents

- 01** Brand foundations & usage KPIs
- 02** Light theme color tokens
- 03** Dark theme color tokens
- 04** Data-viz palette & contrast audit
- 05** Typography & type scale
- 06** Spacing, radius, elevation, motion & components
- 07** Copy-paste CSS tokens

All color values are expressed in OKLCH (authoring format) with sRGB hex fallbacks.
Tokens are semantic: never hardcode a hex in a component — reference the token.

01 · Brand foundations & usage KPIs

The proportions that keep the look consistent across any site

Ink Navy

#143358

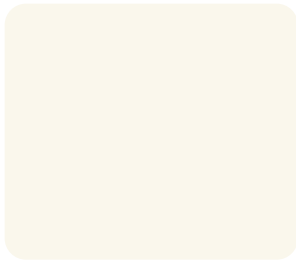

Structure: nav, primary buttons, headings

Citrus Amber

#EC7B38

Accent: CTAs, focus, highlights, progress

Parchment

#FAF7EC

Warm neutral surfaces and sidebars

Signal Green

#179765

Success, mastery, completion

Color usage KPIs (the 60/30/10 rule, tuned)

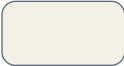

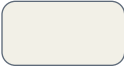

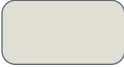

60%	Neutral surfaces	background, card, parchment, muted
30%	Ink & text	foreground, primary, borders
10%	Amber accent	Never more than one amber CTA per viewport section
<3	Hues per screen	Navy + amber + one status hue maximum
4.5:1	Min text contrast	Body copy against its surface (WCAG AA)
3:1	Min UI contrast	Borders, icons, focus rings, chart series

Portability rules

1. Copy the token block (page 8) into your global CSS — nothing else is required.
2. Style components against semantic tokens only (bg-card, text-muted-foreground ...).
3. Every color has a light and dark value; test both before shipping a component.
4. Amber is reserved for action and attention. Never use it for large backgrounds.
5. Radius 0.75rem base; elevation via soft, long, low-opacity shadows only.

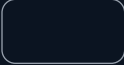

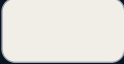

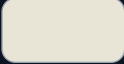

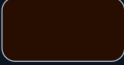

02 · Light theme tokens

Default theme — warm parchment canvas with navy ink

	TOKEN	OKLCH	HEX	USAGE
	--background	oklch(0.985 0.008 95)	#FCFAF4	Page canvas
	--foreground	oklch(0.24 0.035 255)	#142030	Body text / ink
	--card	oklch(1 0 0)	#FFFFFF	Card surface
	--primary	oklch(0.32 0.075 254)	#143358	Primary actions, nav
	--primary-foreground	oklch(0.985 0.01 95)	#FCFAF3	Text on primary
	--secondary	oklch(0.955 0.014 95)	#F3F0E6	Subtle surface
	--muted	oklch(0.955 0.012 95)	#F2F0E7	Muted surface
	--muted-foreground	oklch(0.52 0.028 255)	#5E6A79	Secondary text
	--accent	oklch(0.7 0.16 48)	#EC7B38	Amber accent / CTA
	--accent-foreground	oklch(0.22 0.05 50)	#2C1204	Text on accent
	--destructive	oklch(0.58 0.2 25)	#D73337	Errors, destructive
	--success	oklch(0.6 0.13 160)	#179765	Success, mastery
	--border	oklch(0.9 0.014 90)	#E1DED4	Hairlines, dividers
	--ring	oklch(0.7 0.16 48)	#EC7B38	Focus ring
	--parchment	oklch(0.975 0.014 92)	#FAF7EC	Sidebar / paper areas
	--highlight	oklch(0.92 0.11 95)	#FBE48D	Narration highlight
	--highlight-foreground	oklch(0.28 0.06 70)	#3B2301	Text on highlight

03 · Dark theme tokens

Applied under the .dark class — deep navy canvas, brighter amber

	TOKEN	OKLCH	HEX	USAGE
	--background	oklch(0.19 0.03 258)	#0B1421	Page canvas
	--foreground	oklch(0.95 0.01 95)	#F0EEE7	Body text
	--card	oklch(0.23 0.034 258)	#131D2D	Card surface
	--primary	oklch(0.92 0.02 95)	#E8E5D6	Primary actions
	--primary-foreground	oklch(0.22 0.04 258)	#0E1B2D	Text on primary
	--secondary	oklch(0.28 0.035 258)	#1E293A	Subtle surface
	--muted	oklch(0.28 0.035 258)	#1E293A	Muted surface
	--muted-foreground	oklch(0.7 0.02 255)	#969FAB	Secondary text
	--accent	oklch(0.74 0.16 48)	#FA8746	Amber accent / CTA
	--accent-foreground	oklch(0.2 0.05 50)	#270E01	Text on accent
	--destructive	oklch(0.68 0.18 25)	#F3625D	Errors
	--success	oklch(0.7 0.13 160)	#44B782	Success
	--border	oklch(1 0 0 / 12%)	#FFFFFF	Hairlines (12% white)
	--ring	oklch(0.74 0.16 48)	#FA8746	Focus ring
	--parchment	oklch(0.24 0.034 258)	#15202F	Sidebar
	--highlight	oklch(0.42 0.08 80)	#64470E	Narration highlight
	--highlight-foreground	oklch(0.95 0.02 95)	#F2EFE0	Text on highlight

04 · Data-viz palette & contrast audit

Chart series are hue-separated and safe on both themes

--chart-1
#EC7B38

--chart-2
#017E9A

--chart-3
#179765

--chart-4
#A07CDB

--chart-5
#D0A92D

Contrast audit (WCAG 2.1)

PAIR	RATIO	AA	AAA
Body text on background	15.76:1	PASS	PASS
Muted text on background	5.27:1	PASS	FAIL
Text on primary button	12.18:1	PASS	PASS
Text on amber accent	6.20:1	PASS	FAIL
Text on highlight	11.68:1	PASS	PASS
Dark: body on background	15.97:1	PASS	PASS
Dark: muted on background	6.92:1	PASS	FAIL
Dark: text on amber	7.51:1	PASS	PASS

Large text (≥ 18.66 px bold / 24px regular) only needs 3:1. Rows failing AAA are acceptable for UI chrome and secondary text.

05 • Typography

Fraunces for display, Outfit for UI, JetBrains Mono for code

DISPLAY / H1

Learn anything, out loud

font-display · Fraunces 700 · 30-48px · tracking -0.02em

H2

Course player & drilldowns

font-display · 22-28px

H3

Chapter organisation

font-display · 16-18px

BODY LARGE

Auto-scrolling narration keeps the learner's place.

font-sans · Outfit 400 · 16px / 1.6

BODY

Default paragraph and card copy across the product.

font-sans · 14px / 1.55

SMALL / META

Updated 2 minutes ago · 12 lessons

font-sans · 12px · muted-foreground

MONO / CODE

```
--accent: oklch(0.7 0.16 48);
```

font-mono · JetBrains Mono · 12-13px

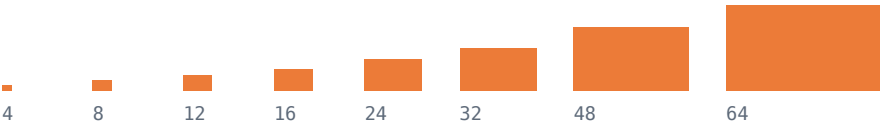

Rules

- Serif display + geometric sans body is the signature pairing — swap fonts only in pairs.
- Max line length 68–72 characters for lesson text; 90 for dense dashboards.
- Never use more than two weights per family (400/700).
- Headings use foreground/ink, never amber. Amber is for accents and links on hover.

06 · Spacing, radius, elevation & motion

Geometry rules that make the system portable

Spacing scale (4px base)

Radius (--radius: 0.75rem)

Elevation

shadow-lift	0 1px 0 0 border, 0 18px 40px -28px navy/55% — cards, panels
shadow-glow	0 0 0 1px border, 0 20px 60px -30px amber/60% — focused/active CTA

Motion

- Duration 150ms (hover/press) · 250ms (panels, drilldowns) · 400ms+ only for auto-scroll narration.
- Easing: cubic-bezier(0.22, 1, 0.36, 1) for entrances; linear for continuous scroll.
- Respect prefers-reduced-motion: disable auto-scroll and cross-fades.

Component recipes

Primary button	bg-primary text-primary-foreground rounded-lg px-4 h-10 hover:opacity-90
Accent CTA	bg-accent text-accent-foreground shadow-glow rounded-lg
Card	bg-card border border-border rounded-xl shadow-lift p-5
Sidebar	bg-sidebar text-sidebar-foreground border-r border-sidebar-border
Narration line	narration-active utility – amber underlay at 58% height
Focus state	outline-none ring-2 ring-ring ring-offset-2 ring-offset-background

07 · Copy-paste CSS tokens

Drop into any project's global stylesheet to reproduce the look

```
:root {
  --background: oklch(0.985 0.008 95);
  --foreground: oklch(0.24 0.035 255);
  --card: oklch(1 0 0);
  --primary: oklch(0.32 0.075 254);
  --primary-foreground: oklch(0.985 0.01 95);
  --secondary: oklch(0.955 0.014 95);
  --muted: oklch(0.955 0.012 95);
  --muted-foreground: oklch(0.52 0.028 255);
  --accent: oklch(0.7 0.16 48);
  --accent-foreground: oklch(0.22 0.05 50);
  --destructive: oklch(0.58 0.2 25);
  --success: oklch(0.6 0.13 160);
  --border: oklch(0.9 0.014 90);
  --ring: oklch(0.7 0.16 48);
  --parchment: oklch(0.975 0.014 92);
  --highlight: oklch(0.92 0.11 95);
  --highlight-foreground: oklch(0.28 0.06 70);
  --radius: 0.75rem;
  --font-display: "Fraunces", Georgia, serif;
  --font-sans: "Outfit", system-ui, sans-serif;
  --font-mono: "JetBrains Mono", monospace;
}
.dark {
  --background: oklch(0.19 0.03 258);
  --foreground: oklch(0.95 0.01 95);
  --card: oklch(0.23 0.034 258);
  --primary: oklch(0.92 0.02 95);
  --primary-foreground: oklch(0.22 0.04 258);
  --secondary: oklch(0.28 0.035 258);
  --muted: oklch(0.28 0.035 258);
  --muted-foreground: oklch(0.7 0.02 255);
  --accent: oklch(0.74 0.16 48);
  --accent-foreground: oklch(0.2 0.05 50);
  --destructive: oklch(0.68 0.18 25);
  --success: oklch(0.7 0.13 160);
  --border: oklch(1 0 0 / 12%);
  --ring: oklch(0.74 0.16 48);
  --parchment: oklch(0.24 0.034 258);
  --highlight: oklch(0.42 0.08 80);
  --highlight-foreground: oklch(0.95 0.02 95);
}
```
